CB No: PA/MCA-MW/MEA/GDS/101/2017

CLARIFICATION - 2

Sl. No	Request for Clarification	Response
1	Will the pipeline contractor be equipped with pipe fusion systems to assemble the HDPE pipes? Possibly at two locations.	Please provide requirements for your pipe on your bid and the installer's contract will be modified as appropriate for the successful bidder.
2	Please confirm final decided floating and shore pipeline lengths to be offered for the two locations.	Please provide bids based on the lengths shown in ITB 1.1, Section 2: Bid Data Sheet.
3.	As you have offered Bidders the opportunity to send the bid documentation by email, please confirm the level of file size your email system will tolerate as email attachment. Or might you also consider using Dropbox where we post the file into Dropbox and advise you of a Link and you download it directly via the web.	5mb is the largest file size acceptable. In which case bidders whose submissions are greater than this will be required to submit in sections.
